

# Recommendation Letter

## David Herdeiro / Graphic Designer

Dear Recruiter,

It's with great enthusiasm (and maybe just a tiny hint of envy for whoever gets to work with him next) that I write this recommendation letter for my colleague David.

From the year and a half that I've worked with David, I've had the absolute pleasure of working alongside him, and they've been nothing short of amazing. His design skills are exceptional, characterized by a sharp eye for detail and an impressive level of practicality.

About hard skills, David can easily work with the usual Graphic Design software, like Figma, Illustrator, Photoshop and InDesign which we used for engaging Social Media content creation, but also Video Editing tools like Premiere, and recently a bit of DaVinci Resolve as well as helping with the setup and management of our video recording studio at Turbine Kreuzberg. He also was part of the team for People and Culture and Event Planning which contributed a lot for Brand Awareness. He also evolved his skills on Notion, creating various workspaces and updating old ones that were getting cluttered and confused for everyone to keep the work up to date and well organized.

Beyond his impressive skill set, David is a collaborative, responsible, and reliable team member. He excels at working within a team, always ready to pitch in, share ideas, and make sure the team is on the right track. He also brings such a positive vibe to the team. His approachable and easygoing nature makes working with him a breeze, and they know how to create a great team atmosphere where everyone feels valued and motivated.

If you're fortunate enough to have David on your team, you can expect top-notch design work and a colleague who's always there to help those around them. I would happily work with him again any day.
